VOLUME III. BERKELEY, CAL., TUESDAY MARCH 31, 1896. NUMBER 129

THE JOLLY THREE

Are Again at Work to Defeat the Bonds.

THE ORIGINATORS OF THE SPECIAL TAX PETITIONS

Have Prepared Another Circular Which They Intend to Distribute on the Eve of Election.

At Their Old Tricks.

The parties who got out the Civic Federation Circular at the last bond election are at their thirty tricks again, and have had the following circular printed with the intention of springing it at the last minute. A copy of it has got out however, and we publish it so that the people of Berkeley may not be hoodwinked by it.

16 YEARS OF BONDAGE THIS TIME \$60,000.

To the Voters of Berkeley: On February 15th last, you rejected the proposition submitted to you to mortgage your homes for forty years for the following purposes to wit:

For Wharf.....\$80,000
For High School.....80,000
For Grammar Schools.....80,000

The Board of Education, in their wisdom then said that \$240,000 would give us grammar school accommodation sufficient for the next ten years. Now, however, \$60,000, we are told, will scarce suffice for their purpose.

Every citizen in Berkeley believes in providing ample and comfortable quarters for public schools. Our schools are our pride. No tax is more freely paid in all America, and especially in California than the tax levied for the erection and maintenance of our public schools. But our love for our little ones does not blind our judgment, nor cause us to mortgage our homes and property for a decade, in order to gratify the expensive fancies of our rulers.

The immediate needs of the School Department will and can be amply provided for by levying a special tax, forty say, \$20,000 or \$25,000, every cent of which will be used in Berkeley for the purpose required, and not a farthing to enrich foreign bondholders, and all will be available as soon as required to pay for the buildings.

Under the scheme of the Board of Education, your tax, if the proposition carries on Saturday, April 4th, will be \$9,300 for the first year, \$3,300 of which will be for interest alone, and before the ten years expire you will be called upon to pay more than \$18,000 in interest.

We wish to be in favor of any expenditure for the support of schools, but desire to limit it to a reasonable amount.

The well known and universal support of the public school system has made it easy for interested parties to make this matter a stalking horse to carry through many impositions upon the public; but the hard times, and the difficulty met by many in trying to save their homes have opened the eyes of all to the wasteful methods of our rulers in using the people's money.

There are now two proposed sites upon which to erect school houses. A twelve room building upon the Dwight way lot will accommodate the overflow of the Kellogg school and the pupils now in rented rooms. A two or three room building on the Scenic Tract and in town will accommodate the children of a large area for several years to come. The Relief to the High School will be immediate, and leave ample accommodation for it for years to come. As the needs increase a special tax will soon supply them.

It is agreed by all that it is a most disagreeable condition of affairs when our national government will, in times of peace, borrow vast sums of money for ordinary needs and pay to the money lords Croesus-like fortunes yearly in interest alone, when, by proper management, enough and to spare can easily be raised to pay as we go, and keep our money in our own country. And it is a most curious spectacle to hear men denounce the general government and the President, and in the next breath urge the citizens of Berkeley to do worse. What is a ruinous policy for general government is, likewise a ruinous policy for cities and individuals.

Three hundred and twelve qualified

BOARD OF EDUCATION

Considerable Business is Transacted.

WILL NOT PRINT A SUPPLEMENTAL REGISTER.

Everything Now Ready for the Special Bond Election to be Held Next Saturday.

Board of Education.

The Directors were called to order last evening at 8:30, and finished the work of the evening at 9:30. All members of the Board were present at roll call.

The minutes of the previous meeting were read and approved.

In the matter of laying a sidewalk on Virginia street, near the Whittier School, House, Clerk Hanson said that the Board of Trustees had concurred in the action of the Board of Education in making a contract for the work.

The Finance Committee reported in favor of increasing the insurance on school property, and the amount was increased from \$750 to \$1500. It also recommended that the janitors be paid out of the equity fund, and it was so ordered.

The special committee of Arrangements for the election reported that everything was ready for election day. While making a report the committee wished it to be considered only a partial one, and a full one would be made at the proper time.

President Johnson stated that he had taken the responsibility of rescinding the order for printing supplementary registers, as soon as he learned of the Attorney-General's decision that the old register could be used.

It is proposed to use a written copy of the supplemental register, in order to save quite a sum of expense that would otherwise occur in the printing of it.

Some knotty questions were raised in connection with the issuance of a voting register, and the opinion of the Town Attorney will have to be had upon some of them.

It was stated that it was County Clerk Jordan's idea to use the supplemental register which was used last May, and a written supplement since that time.

The revocation of the order to print registers made at the last meeting was acted upon by the Board, and the President's action sustained.

A resolution was also passed for the employment of some one to write up the supplement. After some discussion the registration matter was referred to President Boone, with power to act.

Mr. Scotchler was called upon to make a report in relation to the outside portion of the school district. He made a partial one verbally, and will submit a full one, written, at the next meeting. He found that the Ocean View district had not been disturbed since it was first organized in 1878.

Communications were received from Myra A. Parks and Rose S. Chasman for positions as teachers in the school.

Principal Waterman filed his report for March as follows:

Whittier—Number enrolled, 278; number belonging, 273; attendance, 267.

Rose street—Enrolled, 105; number belonging, 105; attendance, 100.

Kellogg—Enrolled, 350; number belonging, 338; attendance, 332.

Le Conte—Enrolled, 305; number belonging, 281; attendance, 262.

Lorin—Enrolled, 286; number belonging, 282; attendance, 272.

Total enrollment, 1324; total number belonging, 1279; total attendance, 1238.

High School—Enrolled, 275; number belonging, 275; attendance, 268.

Grand total of enrollment 1599; number belonging, 1554; attendance, 1506.

The Board delegated to Principals Waterman and Warnick the control of the work of the official photographer.

The Board ordered that the next regular meeting of the Board would be held on Saturday afternoon, April 15th at 2:30 o'clock. A special meeting of the Board will be held on the same evening for the purpose of canvassing election returns.

On motion adjourned.

Subscribe for the GAZETTE

Oil for Fuel.

George H. Martin, who for a long time was connected with W. R. Grace & Co., is now connected with the Union Oil Company of Santa Paula, and during the last few months he has secured contracts from a large number of manufacturing concerns to furnish them with oil for fuel, as he has convinced them by practical demonstration that oil is far cheaper and cleaner than coal.

Among the manufacturing establishments that he has secured during the past month are: The Giant and California Powder Works, Pacific Rolling Mills, Standard Soap Works, San Francisco Laundry and several other places.

In West Berkeley he has secured the Standard Soap Works and the Glass Works.

The Santa Paula oil is peculiarly adapted for fuel, as it is of 23 gravity, and has a fire test of 108 degrees Fahrenheit, and a burning test of 140 degrees, which makes it a safe and satisfactory fuel for all consumers.

Mr. Martin has also a patent burner which he puts in for all who use his oil, which regulates the spray in the furnaces, and gives the most satisfactory results.

Any persons contemplating using oil for fuel would do well to call upon or address George H. Martin at the office of the Union Oil Company of Santa Paula, No. 16 Front street, San Francisco.

Mr. Martin has had many years' experience in different oil fields, and he says that the Santa Paula oil is the best and most economical that he has ever handled.

William R. Stamper of Berkeley, aged 30, and Helma Holman of Oakland, aged 29, have secured a license from the County Clerk to marry.

Tinware made and repaired at Schmitt & Zehner.

THEY WILL GO EAST.

The Associated Students Meet and so Decide.

THE UNIVERSITY "C," DISTRIBUTED TO WINNERS.

Money to Defray the Expenses of the Trip Being Arranged for in Many Ways.

Associated Students.

Yesterday afternoon an enthusiastic meeting of the Associated Students of the University was held in the Harmon Gymnasium. The first business that was transacted was the distribution of the College "C," which is awarded to those of the football men, baseball men, tennis men and track men who have won special distinction.

Professor Clapp made a few remarks referring to the honor that was due the trophy that had been won through so much hard training and urged upon them to treat their "C" with the greatest respect.

The students then took up the question "Shall we send a team East?" and Professor Edwards was called upon to give his ideas of the feasibility of the plan. The Professor assured the students that the plan was an excellent one, as it enabled the student body of the East to become somewhat familiar with the student body of the West. He then told the Assembly that the young ladies who are to play basketball with Stanford had promised to give whatever amount of money they made to the Athletic team. He also stated that half the receipts from the student's play in Shattuck Hall would also be given to the team.

Mr. Friend then informed the students that the receipts of a large field day that is soon to take place in Central Park under the auspices of the Examiner, were to be given to the team in order to assist it in making a tour of the east.

Games have been arranged with the Pennsylvania, Harvard and Yale colleges.

After some more deliberation the question was put and carried by a unanimous vote, that the team would go East. The meeting then adjourned.

Mrs. George Lambert, of Vacaville, is visiting her daughter, Mrs. Eugene Kolme, of West Berkeley.

Oakland Parcel Delivery, 570 Ninth street Oakland—All packages committed to our care will be handled with the utmost caution, and delivered without delay. We make daily trips to Golden Gate East and West Berkeley. Packages called for and delivered for 15 cents. Telephone 1092. T. Wilson, manager. 102 m.

Call in—Driggs, 2246 Center street, and examine his stock. You will find something there in the way of a stove, tinware, a stove, ice cream freezer or household novelty that you want, and can buy cheap for cash. Coal oil and gasoline at bottom prices. Telephone, black 212. 104

For Rent.

Parties desiring to rent two nice sunny cottages situated near the corner of Broadway and Shattuck avenue, who desire to see them, can do so by applying at Thompson's hotel, North Berkeley. 62 m.

Get your watches, clocks and jewelry repaired at R. A. Curry's 2724 Center street, Berkeley. Diamonds, watches, silverware, clocks, jewelry of all kinds on hand. Work guaranteed. 152.

Notice to Contractors.

I am prepared to deliver on cars at any switch between Berkeley and Oakland, basalt rock at the following prices: for crushed basalt, \$1.20 per ton, R. R. weight (\$1.50 per yd.); for basalt gutter stones, \$1.00 per ton, R. R. weight (\$2.00 per yd.). E. R. Thompson, room 28, Phelan Building, San Francisco. 36 m.

Max Greenwood & Co. are closing out their winter stock of men's women's and children's shoes at various prices. 99

U and I Shaving Parlor.

Everything is dull in town except Guy's razor at the U and I shaving parlor, No. 379 Ninth street, Oakland. Glazing done by Schmitt & Zehner. x

A Good Umbrella.

Is needed in every family at all times, and the place to get the best is at L. E. and W. P. Courtney's at 514 Thirteenth street, Oakland. They also make and repair umbrellas and parasols. Repairing fans a specialty. Call in and examine their styles. ytt

THE NAVY YARD FERRY.

The new company recently organized for the purpose of conducting a ferry between Vallejo and the Marin Island Navy Yard has chosen the following officers: President, James McCudden; general manager and acting vice-president, R. J. R. Aden; secretary, J. G. Nevins; treasurer, Vallejo Commercial Bank. The Board of Directors is: Frank R. Nevins, James McCudden, R. J. R. Aden and J. G. Nevins.

The franchise for this ferry was advertised to be sold by the trustees of the town of Vallejo to the highest bidder, who proved to be Mr. A. Whitney, the North Berkeley capitalist.

We understand that Mr. Whitney has disposed of his interest in the franchise to the new company, which has just been organized.

The original Maquire interest is merged into that of the new company.

The raisin growers about Fresno have come to the conclusion to follow the lead of the orange growers in the method of selling their productions. The latter introduced the method of selling oranges in California, free on board the cars or other ways of transportation. It is thought if all growers agree not to consign their object will be effected. There will be a difference of loss and gain. Loss by the old method and gain by the new.

Anthony Quill of San Francisco, has commenced suit against the Southern Pacific Railroad Company for \$50,000 damages for the death of his daughter May Quill, who was killed by a train at Dwight way station a couple of months ago. He alleges that the death of his daughter was caused by the negligence of the Railroad Company. The coroner's jury at the time exonerated the Railroad Company from any blame.

BERKELEY'S ENEMIES.

How They Intend to Defeat the Bonds.

PRINT A CIRCULAR TO DECEIVE THE PEOPLE.

They Care Not How the School Children are to be Educated if They can Carry their Point.

Berkeley's Enemies.

Three persons have conspired to gether and issued a circular with the name Civic Federation attached to the bottom of it. It bears the same imprint of publication that a previous like document did which appeared on the streets a few days previous to the last election.

The dodger recites the fact that \$80,000 was asked for wharf purposes, \$80,000 for High School and \$40,000 for grammar schools and then goes on to say that while \$40,000 was only needed for the grammar schools at that time when used in conjunction with the amount desired for a High school it cannot understand why \$60,000 should be asked for now when nothing is asked for a high school.

A man whose legs are injured can get along very well with an extra support but when that assistance in one shape is taken away it must be replaced with an aid equally as good put in another shape. While the sum of \$40,000 might answer when it had the assistance of a sixteen class building in addition to assist, that amount could not be sufficient without any other aid. This triple quantity of wisdom, Civic Federation, has but one real quality in its make-up and that is persistence and it has evidently been learned that a lie well stuck to is better than the truth. It has probably become a part of their lives, inculcated into their nature and the disease is now chronic.

This fly-by-night paper goes on to say that \$20,000 or \$25,000 (immature) as to amount as long as it is less than \$60,000 is all that is necessary and should be provided for by levying a special tax. It is very doubtful if this Civic Federation represented by Silva's band, of San Francisco, and three members ever paid a single cent for taxes when it came out its immediate pocket. It is further probable that the trio have always been opposed to taxes of any shape when it conflicted with their private interests. So much for the statement that taxes would be paid willingly. It says also: "But our love for our little ones does not blind our judgement nor cause us to mortgage our homes and property for a decade, in order to gratify the expensive fancies of our rulers."

If the names of this three-ply Civic Federation were given to the public it would be quickly seen that neither one ever had a child in the world to care or provide for. All this "soft-soled" about the little ones is only a lead-in to the commonest kind.

The whole intent of the fly-sheet is to throw discredit upon Berkeley by endeavoring to defeat the raising of money for school purposes. It is one of the worst pieces of dishonesty that has ever been printed.

Such men are always detrimental to the progressive interests of a growing town and should be set down upon with hydraulic power.

Election of Officers.

The Hermann Sons met last evening and elected officers for the ensuing year as follows: President, Charles Loeb; Vice President, Charles Burgofsky; Financial Secretary, F. Bogart; Treasurer, R. Fenger; Trustee, H. O. termen.

The new officers will be installed at the meeting on next Monday evening by Charles Lieberman's Grand Deputy.

Eggs for Hatching.

Don't forget that there are none better, and very few as good birds on the coast as those I am breeding from. Satisfactory reports continue to arrive as to hatches from eggs sold.

W. R. WRIGHT, 2028 Berkeley way.

In order to make room for our summer stock of goods, we are offering a line of men's and boys' clothing at extremely low prices. Greenwood, Berkeley station. 99

AN AWFUL TRAGEDY.

SAN FRANCISCO, March 31st.—Jealousy caused by real or fancied wrongs, caused Mrs. Olga Deuss to take her life and that of her three children last evening.

The woman had dressed herself in her wedding dress, and dressed the children all in white. She then took the five off all the gas jets, and locked the doors and then turned on the gas.

The husband was not at home, being away to a birthday party of a friend and did not return home until 2 o'clock in the morning. Upon his arrival home he encountered a strong smell of gas, and at once proceeded to his bedroom, which leads off the dining room, and was almost suffocated by gas.

He found that the bedroom door was locked. He then knew that something was wrong and went around to the window. He entered the room and smashed all the panes of glass in the windows, and found the bodies of his wife and children all lying upon the bed dead. He tried to resuscitate them, but it was all of no avail and the bodies were removed to the Morgue.

The husband states that his wife has been acting queer for sometime and he thought that she must have become insane. He is also almost insane and threatens to end his own life before the week is over.

The oldest of the children was a girl aged 8 years the next was also a girl aged 5 1/2 years and the next was a boy aged 2 1/2 years.

Cannot Recover.

Judge Ellsworth has rendered a decision in the case of Constable McVey of Berkeley against the county for \$192.35 of excess fees turned in while the constables were allowed a fixed salary under the law which was held to be invalid. The court holds that as the payment was a voluntary one and made without protest the plaintiff cannot recover.

OFF FOR ALASKA.

William Wells to go There and Delve for Gold.

Farewell Party.

Mr. William Wells, a well known carpenter of Berkeley, who resides on California street, will leave in a few days for Alaska, where he will delve for gold. Mr. Wells is a member of Silva's band, of San Francisco, and when his fellow members of the band learned that he was going to leave they determined to come over to this side of the bay and serenade him, and spend an evening with him before his departure. So last night they came over in force, and proceeded to his home, where they played a patriotic tune. They were at once invited into the house, and a most delightful evening was spent in conversation and music. At 10 o'clock refreshments were served, and the members of the band took the 11 o'clock train for the city.

While enroute to the train they played several pieces, and the music was greatly appreciated along the line of march.

Mr. Wells expects to remain in Alaska until September, by which time he expects to have taken lots of gold from the frozen ground of the North.

Ernest Fowler of North Berkeley, who has just returned to his position there in the Western Union Telegraph Company's office, has been transferred to Butte, Montana, open-handed way.

The College Republican Club met this afternoon and effected an organization. About fifty students were present. A constitution similar to that of like college associations was adopted and the meeting adjourned.

Professor Hilgard, director of the United States Agricultural Experiment Stations, and head of the College of Agriculture, left for a two weeks' trip to attend a series of institutes through Southern California. On April 4th Mr. Hayne of the Agricultural College will deliver a lecture on "Resistant Vines," to a mass meeting of vine growers in Sonoma county.

Mr. John Bargaquist, the Merchant Tailor, who has so long been in business at 2336 San Pablo avenue, near Channing way, will leave on Thursday next for Fort Bragg. In the meantime, if any persons have any business with him he desires them to call upon him before that date. He desires to thank the people of West Berkeley for the patronage they have bestowed upon him during the past two years and will always have pleasant memories of the friends that he has made while residing here.

IT IS IMITATED.

Captain Thomas Trolley Railroad is Imitated.

The Thomas Trolley System.

The Boston Journal speaking of a trolley road to be built in Berlin as follows: "It is of the elevated kind, but the cars hang down from the tracks."

The running gear is on the roof of the car and the trolley wire comes in immediate contact with it.

A test road has been built in the vast court of the military casino at Dantz and it has operated successfully.

The track is supported at regular intervals by two iron uprights, connected at the top by a cross bar (running longitudinally) the car passing between the uprights.

This is very similar to the trolley road which Captain R. P. Thomas of Berkeley proposed to build on Bancroft way. He submitted plans to the Board of Trustees but they did not pay very much attention to the project and it fell by the wayside.

BHIS Allowed.

The following bills were ordered paid by the Board of Education last night:

Kellogg School teachers	\$545.00

Offer Extraordinary!!

An opportunity for the Boys and Girls to show
who is the

Most Popular

School Teacher

IN BERKELEY, LORIN AND GOLDEN GATE.

The GAZETTE has arranged for the Teacher receiving

Two Weeks Board and Lodging
WITH FARE PAID BOTH WAYS

TO THE **Samuel** NAPA SODA SPRINGS
20 Miles East of St. Helena

THESE SPRINGS ARE LOCATED IN NAPA COUNTY, TWENTY MILES EAST OF ST. HELENA. THE WATERS ARE NOTED FOR THEIR EXCELLENT HEALING AND CURATIVE PROPERTIES FOR RHEUMATISM, INDIGESTION, DYSPESPIA AND ALL BLOOD AND SKIN DISEASES. THE HOTEL IS BEAUTIFULLY SITUATED AND IS FIRST-CLASS IN EVERY RESPECT.

To the Teacher receiving the Second Highest number of votes the GAZETTE will give an order on "THE BONNET Box" 933 Washington Street, Oakland, for a

Handsome \$10 Hat
MADE UP TO SUIT THE WINNER.

THIS IS AN OPPORTUNITY FOR THE BOYS AND GIRLS TO SHOW THEIR APPRECIATION OF THEIR BEST FRIENDS, THE TEACHERS WHO ARE INTELLIGENTLY PREPARING THEM TO ENTER INTO LIFE'S COMPETITION.

Cut out the following Coupon and send in every day,

For the Most Popular School Teacher
in Berkeley, Lorin and Golden Gate.

Name _____
School _____

March 31, 1896.
